Is OLAP Dead?

Merging goals

Transactional (OLTP)

- E.g., retail sales
- Track all data – CRUD
- Frequent updates
- Flexible queries
- Do everything well

Analytical (OLAP)

- E.g., analyze sales trends
- Analyze historical data
- Periodic updates
- Predetermined queries
- Optimize for specific uses

Merging implementations

Transactional (OLTP)

- ER modeling
- SQL
- Relational

Analytical (OLAP)

- Dimensional modeling
- MDX
- Cubes
